

The FRANCISCANS

A Newsletter of St. Francis Episcopal Church

June/July 2011

Vestry News

The vestry and others surveyed our buildings and grounds and have made a comprehensive list of maintenance issues at St. Francis. Watch for it on the tower and consider helping. Contact Steve Gregorcyk, Jr. Warden for more information.

Search Update

Canon Stockard and Bishop Marray joined the parish on May 11 for a supper and presentation about our search process. You may check out (in the office) and view a DVD of the presentation thanks to Chris Cowan's tech talents. The vestry has completed and submitted the requested documents and information and we expect our position to be posted nationally this week. You may go to www.diocese-eastcarolina.org and look under "The Diocese" > "Transitions" > "Transitions Ministry Newsletter" > "Newsletter" to understand more about the process. You may feel this is a slow process and it is, by design. This interim period enables us to review who we are and where we want to go, to increase the laity's role in the ministry of the church, and to complete some updates and maintenance of our facilities.

What can you do? Maintain your regular attendance and support of St. Francis. If you are not active on one of our Ministry Teams (formerly commissions), consider joining an area of interest. Look for new listing in the August edition of *The Franciscans* and check the Parish Hall Tower regularly for updated information. Help get our facilities in top condition for our new Priest-in-Charge. (Watch the Tower for a list of needs.) Come out for our special summer events. Let me or any of the vestry know of any questions, concerns, suggestions. Let's stay in touch!

We are very fortunate to have such excellent supply clergy who are bringing the sacraments to us and enriching and challenging us with their sermons and their presence. Thanks be to God for their ministry to us. (Thanks to Roger Brogneaux for scheduling them and to our dedicated lay servers, lectors, acolytes, ushers, musicians, altar guild, flower guild and others who serve with them.)

Episcopal Relief & Development

In the Diocese of East Carolina, Episcopal Relief & Development is supporting relief efforts in communities that suffered significant damage. In Windsor and the surrounding rural communities, tornadoes destroyed

at least 67 homes and damaged 30 others. Many people were injured, and 14 local residents were killed by the storm. Located in an impoverished and rural area of the state, Windsor is home to many who are in need of assistance.

With support from Episcopal Relief & Development, St. Thomas' Episcopal Church in Windsor is responding to needs for basic household items, temporary shelter and pastoral care. For people whose homes were damaged or destroyed, St. Thomas is providing vouchers for the church's thrift store and other local vendors so families can purchase clothing, school supplies and other needed items. Motel vouchers and funds for small, emergency home repairs to prevent further damage were also distributed. Connections to other congregations and social service organizations in the area helped to maximize the reach of their response effort. In addition, the church is providing pastoral care and financial assistance for funeral expenses to families who are grieving.

"After this sort of traumatic event, people deeply need spiritual support," said Mears. "Local churches, like St. Thomas', can provide a safe space to talk through the grief and loss that people are feeling, and the churches can also work with families to meet their immediate physical needs. Pastoral care and immediate relief ideally go hand-in-hand."

Wherever possible, Episcopal Relief & Development is helping congregations expand their existing outreach ministries to meet increased needs in communities impacted by the recent storms. To support these vital efforts, please consider donating to the USA Disaster Response Fund. You can write a check payable to St. Francis Church marked "USA Disaster Response Fund". Or visit ERD's website for additional information: <http://www.er-d.org>.

In order to improve emergency response capabilities in congregations throughout the Church, Episcopal Relief & Development's US Disaster Program offers preparedness planning tools as part of its online resource library <http://www.er-d.org/resourcelibrary>. For more information about disaster preparedness and response, visit www.er-d.org/USDisasterProgram.

The people of St. Francis have been generous with their response to the call for donations to ER-D.

Thank you! Charlotte Campbell, Sr. Warden
